

Pervasive Computing

COMP5047 – Tutorial 02

The School of Computer Science
The University of Sydney

Project Groups

- Finalize your project groups (3-4 students per group)
- If you are not in a group in Canvas, let me know now

What Are We Doing Today

- Your goal
 - Work together as a group on Phase 1 – Task 1

What Are We Doing Today

- It's time to look at your group project and decide the scope
- Read the project assignment
- I can help with
 - Scoping the project
 - Identifying some sensors and other parts
 - Discuss among your group, I will walk around the tutorial to discuss
- Everybody should contribute equally to projects, and the diary should reflect it.
